

## Assembly Instructions:

### INSTRUCTION PERTAINING TO A RISK OF FIRE ELECTRIC SHOCK, OR INJURY TO PERSONS IMPORTANT SAFETY INSTRUCTION

WARNING – Lighted lamp is HOT!

- To reduce the risk of FIRE, ELECTRIC SHOCK, OR INJURY TO PERSONS.
- Turn off/unplug and allow to cool before replacing bulb, cleaning or other maintenance.
- Do not touch hot/warm bulb at any time.
- Do not look directly at lighted bulb.
- Keep lamp away from materials that may burn.
- Bulb and shade can get HOT! Touch only switch/plug when turning on. Touch only neck when adjusting the lamp.

### ASSEMBLY INSTRUCTIONS

1. No assembly required. Remove packing cardboard prior to use.

### BULB REPLACEMENT

Please follow this instruction manual before assembling the lamp for initial use and for bulb replacing.

1. For your convenience, the bulb in the lamp is pre-inserted into the socket.
2. After lamp is turned on for the first time, if the bulb fails to light, it may be the result of a loose contact between bulb and socket.

Please do the following:

- a. Disconnect the power cord before removing bulb.
- b. Grasp bulb and make sure both ends of the bulb are firmly locked into socket.
3. To replace bulb, please:
  - a. Use 13 watt T5-type compact fluorescent bulb only.
  - b. Disconnect the power cord before replacing bulb.
  - c. Use a screwdriver to unscrew the two screws from the socket cups and remove socket cups and diffuser. (As shown in Fig. 1, Fig. 2 & Fig. 3)
  - d. Use both hands and rotate the bulb to left or right, remove one end of the bulb from its socket, then remove old bulb. (As shown in Fig. 4, Fig. 5 & Fig. 6)
  - e. Insert one end of the new bulb into the bulb holder, then insert the other end into the bulb holder. (As shown in Fig. 5)
  - f. Rotate the bulb to right or left. Be sure that ends of bulb are touching metal contacts. (As shown in Fig. 4)
  - g. Place the diffuser back onto the shade and put the two socket cups into the shade, then tighten with the two screws. (As shown in Fig. 3, Fig. 2 & Fig. 1)
  - h. Plug into outlet and turn on the toggle on/off switch and enjoy.

### “SAVE THESE INSTRUCTIONS”

NOTE: Tighten screws at each swivel joint with a screwdriver as needed for lamp to maintain position.

### MAINTENANCE:

- Light bulb recommended.
- Use one 13 watt T5-type compact fluorescent light bulb.
- To clean, use soft cloth only.
- Do not use any chemical or abrasive cleaners.

**IMPORTANT SAFETY INSTRUCTIONS:**

(For USA/Canada version only):

This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless the plug can be fully inserted. Do not alter the plug.
