

Ribbon Spool Drawers

Ribbon Pictured Not Included

Drawers are Stackable and Interlocking

Each drawer interlocks with one another by placing the feet located on the bottom of each drawer into the corresponding slots located on the top of each drawer.

Lock in the Stopper to Prevent Spools from Falling Over

Fold and score stopper in half. Take one end of tab and lock into needed slot. Place and lock other tab into the closest slot for strength and support.

Thread Ribbon End Under Dispensing Strip for Easy Access

Thread each ribbon end gently under the dispensing strip to keep ribbon in place and for easy dispensing.

Rubber Feet Included to Prevent Sliding

Four foam feet are included inside each drawer. Simply separate the four squares with a gentle pull and peel the yellow protective paper from each square. Place 1 square at each corner on the bottom of each drawer.
